MODEL RELEASE

For Consideration acknowledged as received, and by signing this NFT Photography & NFT Filmmaking Model Release, I give the Assigns my permission to license and use the Content in any Media for any purpose (except pornographic or defamatory purposes) including marketing or promotion of any product or service. I further agree that the Content may be combined with other images, text, graphics, film, audio, and audio-visual works; and it may be altered and used to develop and improve machine learning algorithms, artificial intelligence, and other technologies.

I accept that Biometric Data derived from the Content may be used by the Assigns for the purposes above (except for the purpose of unique identification) and I voluntarily and knowingly waive any statutory right or prohibition relating to my Biometric Data.

I acknowledge and agree that except to the extent otherwise required by applicable law: I have no rights to the Content; I have no further right to additional payment or other compensation; I will make no further claim for any reason to the Assigns; this NFT Photography & NFT Filmmaking Model Release is binding upon my heirs and my assigns.

I agree that this NFT Photography & NFT Filmmaking Model Release is irrevocable (except as indicated below), worldwide and perpetual, where consistent with applicable law, and governed by the laws (excluding the law of conflicts) of the state/country from the following list that is nearest to my address: New York (USA), Alberta (CAN), London (UK), Sydney (AUS).

I agree to the publication of my ethnicity(ies) and gender(s) voluntarily provided on this NFT Photography & NFT Filmmaking Model Release. I understand the name and contact information I provide will not be made publicly available, unless otherwise agreed, but may be used in relation to the licensing of the Content where necessary (e.g., to defend claims in court). I agree that the Content, including descriptive text and keywords, may be made publicly available worldwide and may be transferred to countries with different data protection / privacy laws where it may be stored, accessed, and used, under the privacy policy of the Assigns.

Descriptive text and keywords may be used in licensing, including Special Category Data. I understand that, to the extent certain data privacy laws apply to me, I may withdraw my consent for use of Special Category Data at any time by contacting the Assigns who are licensing the Content (unless such data has otherwise been made public with my permission).

The Photographer/Filmmaker and their immediate Assigns are data controllers and I acknowledge that their contact information was provided to me and I know how to contact them for data privacy queries.

The photographs or video may be used in composite or distorted representations, and may be combined with other photographs, images, or graphics, or video, without restriction. I understand that the photographs or video may be sold, traded, or otherwise transferred as NFTs.

The Photographer/Filmmaker may create a collection of any size, ranging from 1 to an unlimited number of NFTs.

I understand that I will be compensated with 987654% of the gross sales revenue generated from the initial sale of each NFT in the collection for my participation in the creation of these photographs or videos. No further compensation will be due to me upon the sale, distribution, or other use of the photographs or video as NFTs.

I hereby waive any right to inspect or approve the finished product, including written copy, that may be created in connection therewith. I also waive any right to royalties or other compensation arising from or related to the use of the photographs as NFTs.

I represent and warrant that I am at least 18 years of age and have the full legal capacity to execute this NFT Photography & NFT Filmmaking Model Release.

Definitions: "Assigns" means the Photographer/Filmmaker and other assigns which may include a person or company to whom rights under this Model Release have been assigned or licensed as well as the licensees of any such person or company. **"Biometric Data"** means personal data derived from the Content that represents (numerically, geometrically, or otherwise) a natural person's physical, physiological or behavioral features or characteristics.**"Consideration"** means $1 or something else of value I have received in exchange for the rights granted by me in this Model Release. **"Content"**means all photographs, film, audio, or other recording, still or moving, taken of me as part of the Shoot and all associated parts including any descriptive text, keywords or other metadata. **"Media"** means all media including digital, electronic, print, television, film, or recording session. **"Special Category Data"**is personal data associated with or provided by me (and may include information which could be inferred), for example race/ethnicity, Biometric Data, health, sexual orientation, political opinions, union membership, religious or philosophical beliefs.
